

MOLYKOTE® PG-75 High Performance Grease

Lubricating grease for plastic/plastic and plastic/metal combinations with slow to medium-fast movements and light loads

Features & benefits

- · Suitable for long-term lubrication
- Good low-temperature characteristics (usable down to -40°C)
- · Very low coefficient of friction
- · Compatible with many plastics and elastomers

Composition

- Mineral oil
- Polyalphaolefin
- Lithium soap
- · Solid lubricants

Applications

MOLYKOTE® PG-75 High Performance Grease is used on vehicle trackrod joints; control cables, gearboxes, worms, planetary gears and other plastic/plastic and plastic/metal contacts in automotive and electrical appliances; and electromechanical actuators such as automotive sun roof tracks, window mechanism and HVAC.

How to use

Clean points of contact. Apply in same way as lubricating greases, using brush, spatula, grease gun or automatic lubricating device. Suitable for delivery by central lubricating system. In the event of long breaks in service (e.g., overnight), the pressure in the delivery equipment should be relieved. Not to be mixed with other greases.

Because of variation in quality of plastics and elastomers, compatibility tests should be carried out for swelling and shrinkage, stresscrack formation, and changes in strength and hardness.

Handling precautions

PRODUCT SAFETY INFORMATION REQUIRED FOR SAFE USE IS NOT INCLUDED IN THIS DOCUMENT. BEFORE HANDLING, READ SAFETY DATA SHEETS AND CONTAINER LABELS FOR SAFE USE, PHYSICAL AND HEALTH HAZARD INFORMATION.

Typical properties

Specification writers: These values are not intended for use in preparing specifications. Please contact your local MOLYKOTE® sales representative prior to writing specifications on this product.

Usable life and storage

When stored at or below 35°C in the original, unopened, containers, this product has a usable life of 60 months from the date of production.

Packaging

This product is available in different standard container sizes. Detailed container size information should be obtained from your nearest MOLYKOTE® sales office or MOLYKOTE® distributor.
