

DuPont™ Vespel® Parts and Shapes

Internal Combustion Engine Applications

The DuPont™ Vespel® S family of products and finished parts are made of highly durable polyimides and are used in demanding applications where exceptional thermal resistance, low wear and/or low friction, strength and impact resistance are desired. Primarily used in transmissions in the form of wear rings, bushings, and thrust washers, Vespel® parts enable specific performance in ICEs, including:

- Low wear under high Pressure-Velocity (PV)
- Low Friction under high PV
- Improved Noise, Vibration and Harshness (NVH)
- Lightweighting

Typical Vespel® Parts

Thrust Washer

Bushings

Sealrings

Thrust Plugs

Ballbearing Cages

Insulation

Main Applications Areas in ICE Vehicles

Powertrain

Drivetrain (AT, CVT, Diff)
Engine (VVT, Chain guide)

Air Management

EGRs, turbocharger,
air conditioning

Other

Brake pad sensors
Tube retainers

Electrical Motors

Window lift, sun roof,
wiper, seat adjustment

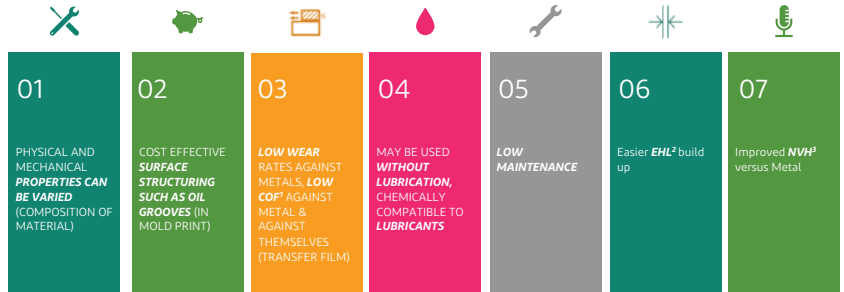

Thrust Washers for demanding conditions

Axles, differential, torque vectoring

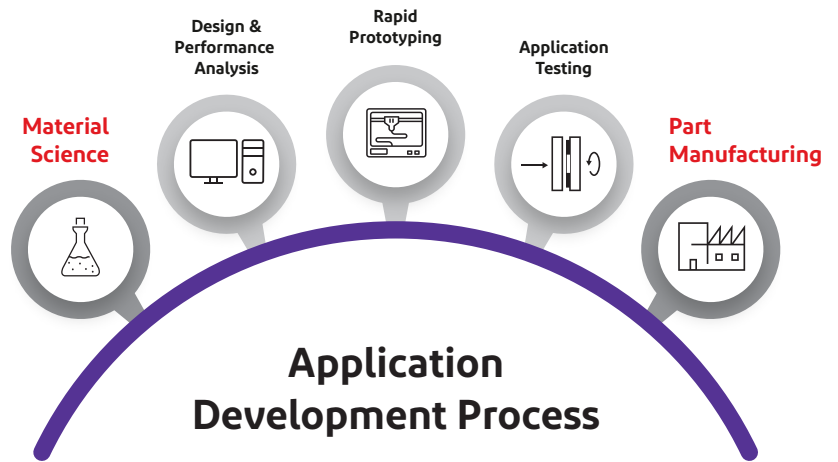

Transmission transfer case

Potential Benefits of Vespel® Parts vs. Metals

DuPont Application Development: From Material Science to High Performance Parts

DuPont has a long history of collaborative innovation in material science and part manufacturing to help customers develop solutions for the industry's most stringent challenges. The DuPont™ Vespel® portfolio offers a range of high performance polyimide parts and application testing capabilities that can enable customers to meet the most stringent industry regulations in terms of emissions, reliability and efficiency for these critical applications.

Application testing capabilities include:

- Planetary Gear Washer Testing
- Vertical & Horizontal Thrust Washer Testing
- Seal Ring Wear and Friction Testing
- Low and High Temperature Testing
- Chemical Aging
- Dry and Lubricated Wear and Friction Testing
- Mechanical Property Testing
- Linear & Rotational Wear Testing
- Global Network of Application Testing Centers of Excellence

The information set forth herein is furnished free of charge, is based on technical data that DuPont believes to be reliable and represents typical values that fall within the normal range of properties. This information relates only to the specific material designated and may not be valid for such material used in combination with other materials or in other processes. It is intended for use by persons having technical skill, at their own discretion and risk. This information should not be used to establish specification limits nor used alone as the basis of design. Handling precaution information is given with the understanding that those using it will satisfy themselves that their conditions of use present no health or safety hazards and comply with applicable law. Since conditions of product use and disposal are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information. As with any product, evaluation under end use conditions prior to specification is essential. Nothing herein is to be taken as a license to operate or a recommendation to infringe on patents.

CAUTION: Do not use DuPont materials in medical applications involving implantation in the human body or contact with internal body fluids or tissues unless the material has been provided from DuPont under a written contract that is consistent with the DuPont policy regarding medical applications and expressly acknowledges the contemplated use. For further information, please contact your DuPont representative.

DuPont's sole warranty is that our products will meet our standard sales specifications in effect at the time of shipment. Your exclusive remedy for breach of such warranty is limited to refund of purchase price or replacement of any product shown to be other than as warranted. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, DUPONT SPECIFICALLY DISCLAIMS ANY OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, OR NON INFRINGEMENT. DUPONT DISCLAIMS LIABILITY FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES.
